Revive Wellington is a beautiful & clean facility. The staff is professional & accommodating. My husband went in for an iv but because his BP was too high they wasn't able to give it to him and offered him a B12 injection instead and the comped it on the house because he was unable to get what he was scheduled for.

That was very nice of them. We most definitely will be returning.

Clean welcoming facility with kind staff. I accompanied my mother for a IV Therapy treatment. And the esthetician gave me a facial cleansing and recommended a cleaner. The staff was very attentive and helpful. Would definitely recommend this place to my friends.

The Revive team has really helped me! I have been doing the ozone therapy along with the vitamin IV treatments for three months. I am feeling better than ever. After fighting COVID and then having reoccurring pneumonia, I simply felt horrible. I came into Revive feeling desperate as I was so weak and tired. I am happy to report since I stated these therapies, I feel healthy and most of all have my energy back! Highly recommend!

So glad to have a high quality facility next to where I live. The staff was nice and very informative. After giving birth 4 months ago I felt I needed to extra help to get some energy. I had a Vitamin D shot and Vitamin IV as well as oxygen ozone therapy. I look forward to coming back again.

I'm so grateful for Revive! I heard about Revive from my sisters who live in Wellington. My sisters told me it would be great for my health since I battle with RA. It wasn't until I had bronchitis for a month that I came in for the immune boost. As soon as I walked into Revive, Melissa welcomed me and informed me of all the infusions on their menu. I also learned they offer cryotherapy which is a treatment I've been recommended over the years but I had yet to find a location that had it!!! I purchased the IV immune, ozone, B12, toradol and Cyrotherapy. Afterwards, I felt amazing. I was able to move my joints much better, I felt energized and most importantly, I felt hopeful. I feel hope. I believe these treatments will continue to help me feel less pain so I can continue my career and spending time with loved ones. If you feel physically depleted, I highly recommend Revive!!! It has been life changing for me!

Mike, Joey, Melissa, Sarah and Ray best staff ever. Everyone was great as soon as I walked in I was welcomed. Ray gave me a tour she was very knowledgeable of everything. I love the float therapy so much I got a membership. I tried The Cryo for 3 months, after I did feel great and I did the glamour package for the IV vitamin boost. This was my first time and I didn't want to go home lol I tried almost everything. I definitely love it and recommend Revive. Guaranteed you'll walk away loved and pleased. 😊👍

I am writing this review for my boyfriend. I called to make an appointment for him and the person I spoke to had great customer service; I was able to schedule his appointment for the same day. It was his first time getting IV therapy so he didn't know what to expect. He says the center is conveniently located, everyone he encountered was pleasant, he had an amazing experience, and he cannot wait to return for more treatment. He felt so rejuvenated afterward, which is exactly what he was hoping for. Thank you Revive Wellington Team, keep up the fantastic work!

I came in on Black Friday with my mom, and we were so pleased with our experience. My mom and brother have been to this location multiple times as well, and they rave about it! I didn't have an appointment, and I came in pretty sick so I got the Super Immune IV bag with a B12 shot. They were able to accommodate my needs and beyond, and they answered any questions my mom and I had. Thank you Revive Wellington!

Passed this place a couple dozen times before finally deciding to give it a shot, and I'm so glad that I did! From the moment I walked in I was hit with a welcoming and positive vibe in every possible way. Sarah (nurse) was incredible while hooking me up with the IV and entertained every question of mine that came up along the way. Owner was super friendly and passionate about his business and they all seemed to genuinely care about the patient as an individual rather than simply viewing me as a paying customer... I'll definitely be back to try their other services, I suggest you check them out as well!
PS: They take care of their Military Customers! Highly recommend!!!

Abby did my Facial & she is absolutely amazing. Heavenly hands, i will call this facial. My skin feels so hydrated, and soft and bright & rejuvenated. Her hands are magical. I have had many facials and nothing like her. I cant wait to be back next month. The staff is so amazing at this place. Thank you

This place is great! Very clean, professional, and organized. The staff is very friendly and welcoming, and knowledgeable regarding all the services. The company offers a wide variety of wellness services to choose from so everyone is sure to find something to help them. The variety of IV drips are great because you can choose different bags depending on how you're feeling or what you are wanting for that day. The float tank is amazing! The entire place is very de-stressing and relaxing. Will definitely recommend

This place is awesome, Mike and his team are perfect as they focuses on what I wanted and helped me understand all the benefits. The Ladies gave me the tour of the facility and explained everything they did and who everyone was. Great place definitely going again
